SUMMARY

Motivated Software Engineer with 2+ years of experience in full-stack web development, Python programming, and AI applications. Skilled in building scalable web applications, REST APIs, and machine learning solutions. Passionate about problem-solving and delivering user-friendly software.

EDUCATION

XYZ University

Bachelor of Technology in Computer Science, CGPA: 8.7/10

2021 – 2025

EXPERIENCE

Software Engineer Intern

Jan 2024 – Jun 2024

ABC Technologies

- Developed REST APIs using FastAPI.
- Built responsive React dashboards.
- Integrated AI APIs for text analysis.
- Improved application performance by 25%.
- Collaborated with a team using Git and GitHub.

PROJECTS

AI Resume Analyzer

- Built a full-stack application using React and FastAPI.
- Extracted text from PDF resumes.
- Integrated Gemini API for ATS scoring and resume analysis.
- Generated skill analysis and improvement suggestions.

ChatPDF using RAG

- Developed a Retrieval-Augmented Generation application.
- Enabled users to upload PDFs and ask questions.
- Used vector embeddings for semantic search.

AI Image Generator

- Built an AI-powered image generation web application.
- Integrated external AI APIs.
- Deployed the application on Render.

TECHNICAL SKILLS

Programming: Python, JavaScript, Java, C++

Frontend: React, HTML5, CSS3, Tailwind CSS

Backend: FastAPI, Flask, Node.js

Databases: MySQL, PostgreSQL, SQLite

AI/ML: Gemini API, OpenAI API, TensorFlow, Scikit-learn

Tools: Git, GitHub, Docker, VS Code

Cloud: Render, Firebase, AWS (Basics)

CERTIFICATIONS

Google AI Essentials

Python Programming

Machine Learning Fundamentals

AWS Cloud Practitioner (Training)

STRENGTHS

- Problem Solving - Team Collaboration - Quick Learner - Communication Skills - Time Management

LANGUAGES

- English - Tamil

INTERESTS

- Artificial Intelligence - Open Source - Cloud Computing - Full-Stack Development
